# Liability

To combat any hullabaloo that has the potential to disrupt the peace, we've taken it upon ourselves to obtain liability insurance to cover you, your walkers, your walker's walkers, your volunteers, that neighbor kid from down the street – you get the picture. Everyone is covered. Just don't forget to have people sign the waiver / newsletter sign-up sheet further down this packet. Be sure to update your electronic spreadsheet after the walk so we can deliver those people their weekly humor-laden newsletter with educational undertones.

+

# Survey

When you join Walk with a Doc, the TMA and their funders provide you with a free Toolkit to get started! What do they ask in return? Not much! Just that you log your sign-in sheet information so they can track attendance and email your participants who would like to take part in a survey about the Walk sometime near the middle of the year. Easy, right? Just use the 'all-in-one' sheet to have participants sign in, then update your electronic spreadsheet or send us the sheets after each Walk (or two!).
