Saturday, March 2, 2019

Valley Park in Hurricane

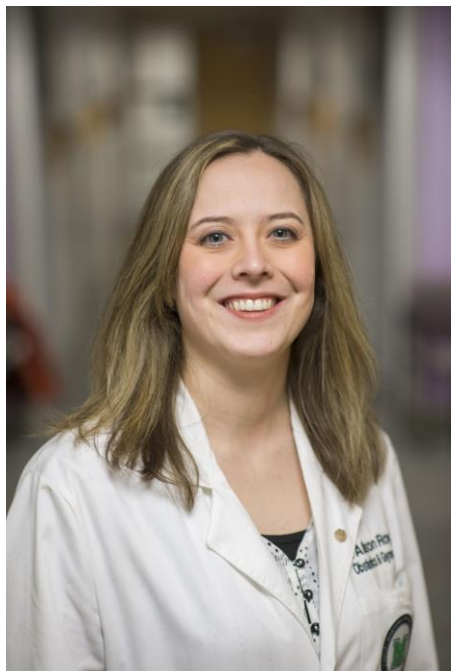

Marshall Health  
Teays Valley

invites you to

# walk WITH a DOC

educate. exercise. empower.

Join Ally Roy, M.D. to walk and talk about  
Women's Reproductive Health.

First, we'll take a few minutes to learn about this month's topic. Then, we'll enjoy a healthy walk and conversation with Dr. Roy.

It's a great way to get active and get answers to your health questions. Walk your own pace and distance.

See you March 2, and bring a friend to this free community event!
